Description

Certain SIM links in the GRE product contain video sets (e.g:
https://app.entrayn.com/learning/sim/1f77af2e-61f7-40c0-9167-ca00308b6e00). When the student clicks on these links for the first time, he or she will only see the first video. To see the remaining videos, the students have to click on the orange "Got It" button that appears below the first video on the left-hand side. Since the students do not know that they need to click on the button to access the hidden videos, a lot of our students miss out on some of the videos in these sets.

[To confirm, I switched user and checked for three users: Sucharitha (865721), S. Raveer (857245), and Ishita Goyal (864964). All three users had this problem.]

So it would be nice if we could either make all the videos visible at once or add a pop-up stating that the students have to click on the "Got It" button to access the hidden videos.
