Description

The assessments including Mock tests are pointing to old platform for some users .Oflate that list is on the increase .
The bugs #2246,2245,2249 were raised and rejected because the migration of the users to the new platform was still pending .

Hope the tech team lets us know and keeps this bug open till migration is complete.

Name and drupal id of few of such students in this list (This is not an exhaustive list since we need to dig into the mails that we get , open each mail to check where the student has taken that attempt).
