| <b>Description</b><br>The AWA grading tool doesnt allow us to regrade a test .<br>For example , sometimes we face some demanding students ( a recent case of Shubham shinde -Drupal id 849203) whose Mock tests had to be reset .<br>There was this case of shubham shinde whose Mock Tests 3 and 4 were reset .<br>But the instructors could not use the AWA grading tool for grading the AWA reattempt .They had to do another "MANUAL" work .which is very time consuming.<br><br>Request the tech team to have some way of "reusing this AWA tool " when the Mock Tests are reset for the students . |                 |                        |            |
