Description

Pavithra has suggested that the marketing team wants to have 8 mock tests on the Mock Tets card for any user .
There are currently 5 MOCK tests given for GRE enrolled student and then 3 additonal mock tests if need be they can buy .

But as per marketing team requests , Pavithra wants ALL 8 GRE mock tests to be seen on the Mock test Card . The 3 additional Mock tests should infact come up the card and then the 5 exixting mock tests should come down .So any enrolled user will be given 8 mock tests .

This is along pending request by Marketing team and recently Pavithra asked us to include this in our discussion.
