Description			
<p>We are unable to grade GRE AWA attempts as the tool is not showing any attempts. Usually, when we paste a student's Drupal ID, a list of the student's essays should appear. But when we open the tool now, we get an error pop-up message that says, "DataTables warning: table id=awatable - Ajax error. For more information about this error, please see http://datatables.net/tn/7".</p> <p>This is the link to the AWA Grading tool: http://entrayn.com/essay-attempts</p> <p>We cannot proceed with GRE AWA grading until the tool is fixed.</p>
