Description			
<p>A student named Kumar Nischay Jaiswal has complained (via Ask an Expert) regarding an extra option in TOEFL Reading Timed Test 3 on the platform. He picked option A and was marked wrong, but option A is an extra option with the text "undefined." This issue has recurred many times for the modified TOEFL assessments, so please look into it as soon as possible. Do also take a look at bug #2746 which is one of the bugs we raised earlier.</p>
