<b>Description</b>			
<p>We recently had an intervention call with a GRE student named Owais (Drupal ID 933761). He said he took two MTs and on checking, we did receive a mail notification for his MT1. This is the attempt link we got from the mail: <a href="https://app.entrayn.com/summary/621635ea-328a-45ba-8893-2b7c66baef45/screen/1">https://app.entrayn.com/summary/621635ea-328a-45ba-8893-2b7c66baef45/screen/1</a>. You can see that even his AWA has been graded.</p> <p>However, his student's page does not reflect that these MTs were taken. The student says he was able to see the results immediately after he took the test but not now.</p>
