We are unable to grade AWA essay attempts. No matter how many times we reset or try clicking on different criteria, the score doesn't get higher than 0 or a maximum of 2. Please take a look at this as soon as possible.

Drupal ID 956137 attempted MT2 AWA, but the attempt is not shown on the AWA grading tool.

I could see 7 new AWA attempts on Redash, but only 3 could be found on the tool. Those found on the tool could be graded, but the score on top sometimes tended to shift randomly.

AWA attempts of the following students appeared on the AWA grading tool and could be graded:

- 958608 (MT2)
- 960770 (MT2)
- 957492 (MT1)

AWA attempts of the following students did not appear on the AWA grading tool:

- 956329 (MT2) - This student's MT1 isn't seen either.
- 955473 (MT2) - This student's MT1 isn't seen either.
- 960035 (MT1)
- 961426 (MT2) - (The mail is pimexo6040@idsho.com; is it a test ID?) This student's MT1 isn't seen either.

MT3 attempt by 959115 does not appear on the tool. MT3 feedback is pending, and we need the tool for this. Please fix it urgently.
