Description

Since the argument essay no longer exists in GRE AWA, the tech team removed all argument essay-related tasks from the Verbal Master sub-sheet of Technical PSP (<https://docs.google.com/spreadsheets/d/1SnltuMlxJmNmg4t8ouJitdAsdpHvgKVTS4YrcXNuyQ4/edit?usp=sharing>), as per our request. However, we can still see some of these tasks in the study plan of Akash Narayanan (drupal ID 942629). He seems to have enrolled before the study plan changes were made, but even then, the study plan must reflect the latest version, as the argument essay no longer exists on the GRE. Please look into how this can be fixed for Akash Ramanarayanan and other similar users.
